

Paradise awaits you

Many only dream of paradise while others experience it on a regular basis.

It is possible you can be among the fortunate ones to experience the Caribbean Queen "**Jamaica**"

You are invited to experience a taste of paradise.

Please join Nathan, *The Bodyman* for 7 nights, eight days all-inclusive in paradise from April 14 to April 21st, 2019 for a (**Fit Week**) at Jewel Dunns River Resort in Jamaica. A warm and friendly resort on a beautiful beach.

It is said that people don't plan to fail they just fail to plan therefore, start planning.

Jamaica is the land of my birth and for what it's worth I want to share with you an experience you will never forget. So, what do you say to a **funtastic** week, one that I know will be among your fondest of memories.

It is said that a picture says a thousand words take a look at what gives you a peek of some of the fun and exciting displays that awaits you.

Looking forward to seeing you. Next stop Jamaica.

Yah Mon we will be Jammin!

The Bodyman
